

ALTOONA ACTRESS DEAD ON CHICAGO LAKE FRONT

DEAD BODIES OF TWO YOUNG WOMEN
PICKED UP BY POLICE IN RESPONSE
TO MYSTERIOUS PHONE CALL

WOOD ALCOHOL POISONING LIKELY

Chicago, Nov. 15.—A baffling mystery confronted police here today upon the finding of the bodies of two young and pretty women covered with cuts and bruises. They were found early yesterday by police in Grant Park on the lake front. It is believed they had been thrown from an automobile and left to die of exposure. The two women were identified as eastern actresses Mary Rhodes of Altoona, Pa., and Lillian Thompson of Boston. Early today the police arrested a man who they expected to question concerning the two women as they believed he might be able to throw some light on the mystery. The bodies were discovered as a result of a mysterious telephone call which the police declared came from a downtown sky scraper. No one in the building could be found, however, who knew anything about it.

Chicago, Nov. 15.—Authorities investigating the death of the two actresses here Saturday night were informed that the two women were seen in a struggle with two men in an automobile near where the bodies were found. Witnesses to the fight said it occurred about the time the physicians believe the women died. The actresses who were found dead in Grant Park on Chicago's lake front were either frozen to death or died from wood alcohol poisoning, according to officials here today. The bodies were identified as those of Mary Rhodes, of Altoona, Pa., and Lillian Thompson, of Boston.

Dr. J. J. Simmons, who examined the bodies said that death was caused by some poisoning probably wood alcohol. Simmons planned to make an autopsy on the bodies of the victims today. Lieut. John Norton in charge of the "murder squad" expressed the belief that the women were frozen to death. Two men were under arrest today; James Meeks, of Salt Lake City and Robert McCarthy of Boston, an electrician with the Jane Cowl "Smilin' Through" Company. They lived in the building where the women had an apartment. At first the two men said they were the husbands of the women but later admitted it was not so.

The police claimed today they had located the man who made the mysterious telephone call early yesterday apprising the police of the death of the two women. The call they said came from the Stratford Hotel overlooking the scene of the tragedy and no from an office building as at first reported. They refused to give additional details.

WASHINGTON, November 15.—The United States will be without any representation at the first meeting of the League of Nations now in session at Geneva it was stated definitely at the State Department.

FIRST MEETING OF LEAGUE OF NATIONS CONVENES AT GENEVA: 100 DELEGATES

GENEVA, Nov. 15.—The league of Nations assembly met here today amid the ringing of bells. More than 100 delegates went into session in the League's new home at 11 o'clock. Representing 42 states and one-half of the world's population delegates gathered in the big hall for the first formalities of the session. The League was enthusiastic. Flags of almost every nation was displayed. The Liberian flag made its first appearance here and was mistaken frequently for that of the United States.

Prolonged applause greeted the first mention of the United States at the opening of the session. "Washington is the home of liberty and the United States cannot long remain out," Premier Lotta of Switzerland, declared in the address of welcome.

M. Paul Hymans, former Premier of Belgium was elected President of the League of Nations today. He received 35 of the 42 votes.

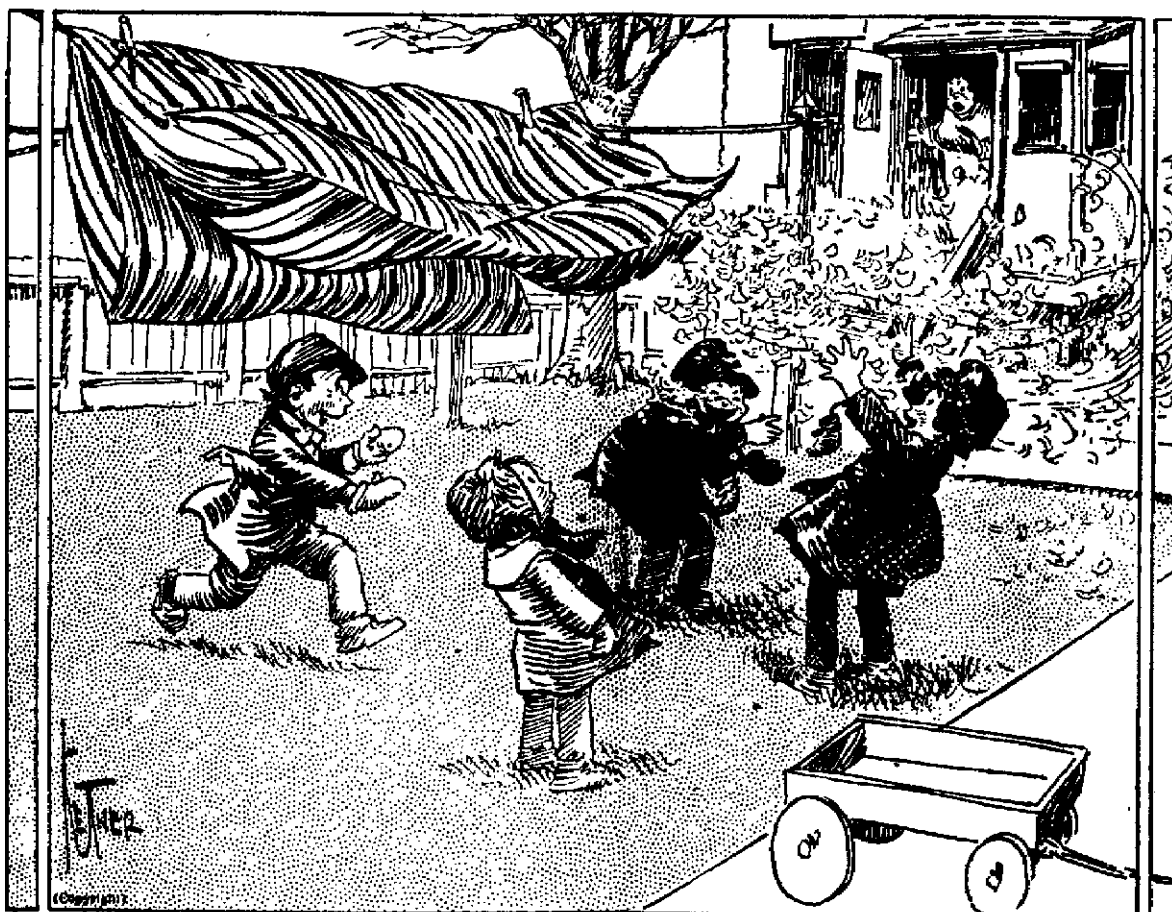

HOSPITAL CAMPAIGN WILL CLOSE NOV. 27 "IS YOUR NAME WRITTEN THERE?"

The Board of Directors of the Clearfield Hospital have decided to close the campaign for the Maintenance, Endowment and Building Fund on November 27th and have asked every district chairman to send in at once a report of the amount of money subscribed, so that the total amount so far can be accurately determined and also to endeavor to collect all their quota by the above date, November 27.

A great many districts have collected considerable money but have made no return of it to the Clearfield Headquarters and it is, therefore, impossible to make an accurate estimate of the amount subscribed.

All districts are asked to make Thanksgiving Day a special time for prosecuting this work.

The First Flurry

WRANGEL'S 'WHITE' ARMY DESTROYED SEBASTOPOL IN HANDS OF BOLSHEVIKS

REDS CAPTURE TWO HUNDRED THOUSAND
OF GEN. WRANGEL'S TROOPS AND LOSE
THIRTY THOUSAND IN KILLED ALONE

RED VICTORY WILL PROLONG WAR

Moscow, Nov. 15.—General Wrangel's army in the Crimea has been wiped out, the war office announced today. It is expected the Soviet troops will now win easy victory over the troops in the Ukraine. It is also forecast that the victory will expedite an agreement with the Bolshevik government.

Berlin, Nov. 15.—A Moscow wireless dispatch said today the Russian government had demanded immediate surrender of General Wrangel, head of the Crimean forces. Amnesty was promised Wrangel and his followers.

Constantinople, Nov. 15.—Sebastopol was the scene today of a wild debacle. Its harbor was filled with watercraft ranging from war vessels to row boats all carrying human cargoes away from the rising red tide. General Wrangel's army was in collapse and the conquering Bolshevik troops swung southward upon the city. The white troops were practically wiped out in the defense where three divisions checked 22 assaults by 28 divisions of the enemy. The Soviet army moved around the stubborn defense and swept unchecked over the areas behind the lines. The Soviet losses were said to mount into the thousands.

Dispatches here said the Bolshevik leaders admitted their losses to be 30,000 in the hand to hand fighting in wave after wave of fighting when the attacks were finally checked. Poison gas was used according to these reports and this figured for a large amount of the losses. 5,000 wounded men of Wrangel's army arrived here today.

The Bolsheviks gave no quarter these men said. The red troops engulfed the small defending army, using bayonets in close fighting and ignoring all signs of surrender.

The foreign office today estimated that the Bolsheviks had captured between 150,000 and 200,000 Wrangel troops in the drive on Crimea. Foreign offices advised said the Bolshevik losses in killed and wounded were enormous. One report said that the city of Sebastopol had been entered and that General Wrangel still was in his headquarters there. This was not verified.

PRICE OF FOODSTUFFS COMING DOWN
PHILADELPHIA, Nov. 15.—Price reduction of from 10 to 20 per cent. in staple groceries and fresh and smoked meats was made here today by a chain of grocery stores. The price of bread was reduced 1c.

DRUNKS WERE IN EVIDENCE

The recent embargo of the National dry enforcement officer against the sale of the ingredients which enter into the make-up of the seductive and sometimes palatable "home brew" does not seem to have reached Clearfield as yet. Some powerful "forty rod" liquor appeared to be getting in its work about town generally on Sunday when no less than three or four "pifflicated souses" were unsteadily perambulating the

public thoroughfares about town in the broad light of day.

THE STOCK MARKET

NEW YORK, November 15.—Twelve o'clock prices on the stock exchange today were: American Locomotive 85½, Baldwin Locomotive 99½, Bethlehem Steel B. 59½, Crucible Steel 103, General Electric 120½, General Motors 14, Penna. 40½, United States Steel 82, Preferred 106, Westinghouse Electric 43½.

C. H. S. HUMBIES DUBOIS HIGH ON FOOTBALL FIELD

By DICK LEIPOLD

The Clearfield and DuBois High School Elevens met on the C. H. S. athletic field on Saturday afternoon last, and C. H. S. administered the traditional trouncing to the third class city boys before the largest crowd of the season who shivered on the frozen field under a cold western wind. When the final whistle blew the score stood Clearfield 14, DuBois 0, which might appear to those not present that it was a hard fought contest but such was not the case as Clearfield was never in the slightest danger during any moment of play as the ball was in DuBois' territory throughout the entire game, but costly fumbles, penalties and an error of decision by the referee prevented the county seat boys from amassing a larger total to their string.

Each quarter ended with the ball in close proximity to DuBois' goal, only the lack of a few seconds more time preventing additional touchdowns; in fact Johnson carried the ball across DuBois' goal line for the third touchdown 3 minutes before the game ended but a DuBois man knocked the ball from his grasp and fell on it and the referee brought the ball back to DuBois' 20 yard line and just as Clearfield was on the verge of scoring again the final whistle ended the game.

Altho the Black and White eleven were never able to advance the oval materially by scrimmage they were fortunate in having a punter who could be depended upon to temporarily ward off the Red and Black warriors attack by his long punts which averaged 40 yards and which were a feature of the game and as DuBois was rarely ever able to earn their first down, was called to the rescue repeatedly throughout the entire game.

First Half

Clearfield received the kickoff and rushed the ball down the field at a pace that would make some of Clearfield's wild truck drivers look as if they were standing still. Bowes skirted their left wing for 40 yards, B. Norris circled right end for 12 yards, N. Norris and Bowes in succession hit their line gaining 10 yards more, N. Norris on the next play punctured their line for the remaining 3 yards, scoring C. H. S.'s first touchdown in 2 minutes and 40 seconds, in 5 plays. Johnson kicked the goal.

Clearfield again received the ball and tore down the field 10 yards at a clip but the "pork hide" escaped

TRAIN ROBBERS MAKE BIG HAUL IN WEST

MILLION DOLLARS SAID TO BE VALUE OF
BOOTY TAKEN FROM TREASURY CAR
BETWEEN COUNCIL BLUFFS AND OMAHA

GOVERNMENT GOLD IS GONE

Omaha, Nov. 15.—Mail robbers last night looted the treasury car of the Burlington Railroad's transcontinental line and got away with booty variously estimated to be worth more than \$1,000,000. The treasure consisted of boxes of gold being shipped from the mint in San Francisco to the Treasury in Washington and of bank stocks and currency from banks in many California cities and New York and points on the Atlantic seaboard.

"It is the biggest train robbery in twenty-five years," says Captain Charles Shaffer, of the Council Bluffs police department.

Omaha, Nov. 15.—The robbers who boarded a transcontinental train here Saturday night and escaped with ten registered mail sacks obtained approximately \$200,000, Chas. H. Woods, chief clerk of this railway mail district, estimated today. The robbers were searching for the three men who are believed to be hiding in Omaha. No arrests have been made.

KANSAS CITY JITNEY DRIVER MURDERED BY EMPLOYER FOR BREAKING UP TIME

Kansas City, Nov. 15.—In the midst of a traffic jam hundreds looking on Dewey Morgan, jitney driver, and his death on Kansas City's busiest corner. V. T. Morgan, a passenger was arrested and admitted to the murder. Morgan was shot five times in the back as he attempted to guide his car close to the traffic cop yelling for him. He jumped up and started firing, and Morgan dropped dead. As the car veered to the sidewalk Miller and Nichols jumped out. Nichols escaped but Miller was arrested. He was rushed to headquarters.

Miller told police he shot Morgan because he had loved his wife from her home. Police had difficulty in saving Miller from the angry crowd which threatened to lynch him. Morgan owns several jitneys and motor cars and Miller drove one at night for him. According to the story told the police Miller, accompanied by a man by the name of Nichols, his brother in law, was in the rear seat of the car driven by Morgan. Miller asked Nichols where Mrs. Miller was now living. "I don't know where she is, haven't seen her since she left," Morgan is said to have replied.

from a C. H. S. player and was captured by a DuBoisite. The boys from the county metropolis then started their offensive but found the concrete line of the Red and Black impenetrable and were forced to unt. B. Norris on the first play roke through their line and ran 66 ards in an open field placing the all on D. H. S.' 15 yard line. B. ouldn't have run faster if his Se- anic Majesty were in hot pursuit. C. H. S. then advanced to the windy ay boys' 8 yard line where a fumble again prevented the Red and Black from scoring. DuBois punted out of danger, Johnson catching the all on Clearfield's 40 yard line, and in the next three plays advanced to DuBois' 20 yard line where a DuBois an intercepted a pass giving them he ball, but after trying to gain ound end and thru the line they anted again. Clearfield then ad- anced the ball by end runs and off tackle plays to DuBois' 25 yard line and the next play, a pass Johnson to. Norris gained C. H. S. 10 yards but the referee erroneously brought the ball back thinking that it had been dropped altho the linesmen agreed that Norris caught the ball and held it. This prevented C. H. S. from scoring as it gave the ball to DuBois who were thrown back for a loss and forced to punt, the half ending with C. H. S. in possession of the ball.

Second Half
Clearfield kicked to DuBois who ran the ball back to C. H. S.' 30 yard line trying forward passes and end runs with disastrous results. Clearfield forcing them to punt on fourth down. C. H. S. again marched down the field to DuBois' 30 yard line where they lost the ball by an incomplete pass on the fourth down but DuBois fumbled and a C. H. S. player gathered in the ball on DuBois' 45 yard line and scored on four plays, viz: N. Norris 5 yards thru line, Bowes smashed their line again for 3 yards more and on the next play Bowes again carried the ball going around end for 8 yards and N. Norris on the next play which was

We are a nation of invalids. Just think of it! During the past ten months 30,000,000 gallons of whiskey—one-half of the total stock in the U. S. bonded warehouses when the Eighteenth Amendment became operative—was withdrawn by dealers operating under permits sanctioned by the Volstead enforcement act, which act however provides that the liquor must be sold for medicinal purposes only. How very sick some people must have been. It makes all decent people sick to think of such a booze flood let loose upon the nation on any pretext.

The incoming Pennsylvania Legislature should pass a drastic prohibition enforcement act thus putting into the hands of all state and local authorities the "concurrent authority" to make absolute prohibition a fact instead of a misnomer, as was contemplated by the framers of the Eighteenth Amendment. Pennsylvania should be in position to put her own house in order within herself and by herself in case of lax national enforcement such as we have had the past year.

(Original Copy Improvement Service.)

"MUSIC growing position in shops and offices and factories is psychologically able to its therapeutic application," says Mr. Frank E. Morton, acoustic engineer, American Steel & Wire company.

"It is more prophylactic than curative. The old tars in the sailing ship were a jolly lot with their chanters. The darkies with their plantation lullabys; the French Blue Devils with their 'Madelon,' and don't you remember the plover boys out on an open prairie singing 'Sweet Adeline'?"

"In the raids on Reds in New York and Chicago, the department of justice investigators never found a single musical instrument. Hundreds of prey do not sing. Nor

does a singing nation ever become anarchistic. "The office girls, the clerks, the men from the foundry, and from the stock room, all get together, tune up and spend an hour in the closest harmony both in music and in unity of thought.

"The labor turnover since this music business has gone into practice, is growing less every day. This is also true in the motor works, in the stock yards, in Boston shoe factories and in the artists' studios. Jazz is an expression of hysteria. It incites idleness, revelry, decay, destructiveness, chaos. It typifies the war. A new music is coming. It will be born in the exultant hum of factory machinery, in the eager throb of shop life, in engine room and stockaper office.

Different Kinds of Hickory.
Twelve kinds of hickory are found in the world, eleven of them indigenous to the United States east of the Rocky mountains, and one Mexican species. Previous to the ice age, extensive forests of hickory existed in Greenland.

Electric Light Plant—Perhaps. A plant which is somewhat common in Brazil shows a remarkable luminescence which can be seen for a distance of a mile. Sited near one of these plants after nightfall it is possible to read fine print and to perform other operations which require a light.

So We've Noticed.
The lazier a man is the more he is going to do tomorrow.—Boston Transcript.

Foley's Honey and Tar Compound

LOOSENS THE PHLEGM AND MUCUS, clears the air passages, coats inflamed and irritated membranes with a healing and soothing demulcent, cures hoarseness, stops tickling in the throat and makes refreshing, restful sleep possible.

Banished La Grippe Coughs
Lewis Newman, 506 1/2 North 4th St., Charleston, W. Va.: "I am glad to tell you that Foley's Honey and Tar is the best remedy for lung trouble I have ever used. I have been down sick ever since January and nothing would do me any good. I was full of cold. I had the grippe all winter until I got two bottles of Foley's Honey and Tar. I used 1 1/2 bottles. I am glad to say I can't feel any more cold in my chest."

Foley's Honey and Tar Compound gives prompt relief from coughs, colds, hoarseness, tickling throat, whooping cough, spasmodic croup and bronchial coughs.

Dr Scholl's Demonstration Week

NOVEMBER 15-20

Let Your Foot Troubles End This Week

Those aching, throbbing, burning feet—those sensitive callouses that make you wince when your weight comes down on them—those excruciating corns that are rubbed at every step—those frightfully tender and unsightly bunions—bring them in **this week** for relief and permanent correction of the cause. This is

Dr. Scholl's Foot-Easer for tired, aching feet, turning calluses, cracked toes, bunions and all troubles caused by weakening of the long arches of the foot.

Dr. Scholl's Anterior Metatarsal Arch Support corrects weakness of the cross arch at the ball of the foot, which causes calluses, corns and contracted toes.

Dr Scholl's Demonstration Week

throughout North America, and particularly at this store. A graduate Practicedist—foot expert—is here to examine your feet free of charge, point out the cause of your discomforts and demonstrate to you how they can be corrected by the methods made famous by the universally recognized authority on the feet and their care, Dr. Wm. M. Scholl.

Dr Scholl's Foot Comfort Appliances

are made in special types for practically all foot troubles. They are light and comfortable to wear, give back to your step its natural springiness and gradually ease back to normal position the depressed joints or strained ligaments of the foot. Expert fitting and adjusting free.

A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to be on my feet but did my housework at all. I had a bad pain in my left side and it curled round. One day one of your books was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt better after the second dose, so I kept on until I had taken five bottles and lo! that time I was as well as I could wish. About a year later I gave birth to a ten pound boy, and have had two more children since and my health has been fine. If I ever have trouble of any kind I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. L. E. SPAY, Garnett, Kansas.

Sold by all druggists.

Seek to Bring Out the Good.
There is some good in the worst of men, notwithstanding the doctrine of total depravity. To bring out this good, rather than develop the evil, should be the purpose of all social relationship. Here is the great challenge to society.

Suppose There's No Hair?
A New York inventor has combined an incandescent lamp with an ordinary electric hair dryer so that a person's hair can be given a light bath and dried at the same time.

Poverty and Splendor.
I saw many poor, whom I supposed to live in affluence. Poverty has, in large cities, very different appearances; it is often concealed in splendor, and often in extravagance. It is the cure of a great part of mankind to conceal their indigence from the rest; they support themselves by temporary expedients and every day is lost in contriving for the morrow.—Dr. Samuel Johnson.

Harpin in the Sky.
During a storm my little brother stayed on the porch. All of a sudden a big flash of lightning came. "Oh, mother," he cried, "did you see the harpin in the sky?"—Exchange.

"Spiral Curve" on Railroad.
This is on the Canadian Pacific as the railroad climbs the Continental divide from the west. In a tunnel in a mountain the road describes an entire loop, the track at the higher elevation passing over that at the lower.

Savages Poor Physically.
The natives of the African jungle, instead of being the lusty savages of imagination, are for the most part physically below par. The majority of them are malnourished and diseased and marked physical defects are common.

Ghoulish.
A set of small dice supposed to have been cut from the molar teeth of a notorious French criminal and professional gambler, who died by the guillotine, together with a dice box made from a toughened piece of his skin, was one of the curiosities disposed of by a Paris curio dealer.

LESSONS IN OPTOMETRY

HARRY H. ROSENTHAL, O. D.
Woolridge Building, Clearfield, Pa.

LESSON NINETEEN

In undergoing an examination for effective vision, is there any annoyance at all to the patient?

None whatever. The examination is perfectly harmless, and the patient is subjected to no inconvenience nor distress.

An Optometrist uses no drugs in examining the eyes? No, he does not find it necessary to use drugs, as he can secure an accurate correction without them.

How long is required to examine a patient's eyes? The time varies from a few minutes to maybe an hour, depending upon the condition of the eyes.

How long after an examination before glasses are furnished? If the Optometrist does his own lens grinding, he may furnish the lenses in an hour or so, otherwise it may take a day or longer.

Read more about service in the next lesson.

NEWS OF OUR NEIGHBORS CURWENSVILLE

On Saturday evening about 10.30 o'clock occurred the first fire that the town has experienced for some months. The dwelling house and entire contents of the house owned and occupied by Clair Peoples, situated within a rod or two inside of the borough line, and near the Vincent Snyder store, on Ridge avenue, was destroyed by the fiery elements. The Peoples family had been away from home all day and can advance no theory as to the origin of the fire, and the only thing that was left to them was the clothing they were wearing at the time. No alarm was sounded from the whistle at the tannery, the boilers, it is said, not carrying a sufficient amount of steam with which to sound an alarm. From the fact that repairs were being made. The bell in the dome of the truck house was tapped but a high wind was blowing at the time and the sound did not carry any distance and the firemen were slow to respond. The rescues on arriving at the scene of the conflagration, with the big La France engine, saw at a glance that the fire was beyond control and they turned their attention to keeping the other building from taking fire. The house that was destroyed was known as the Susan Johnson home and after Mr. Peoples purchased it he spent a good deal of money in converting it into a comfortable dwelling. His loss will probably reach the sum of \$2,000. An insurance of \$800 was carried on the building and furniture.

Charles Ellsworth Cochrane, a son of David Cochrane, who resides at Naulton, this place, died last Wednesday, at Danville, Pa., after being an inmate in the sanitarium there for some months past being under medical treatment for an attack of melancholy and an affliction of the brain having thus become so from a severe fall which occurred several years ago. He was born in Curwensville on October 20th, 1887, hence his age was 33 years and 21 days. He was well known to the traveling public, having worked as a porter and elevator man in some of the largest hotels throughout the state, and by his good nature and obliging manner made many friends among the traveling men. His health began to fail him about three or four years ago, and it was thought best to remove him to Danville. His body arrived in Curwensville Saturday and his funeral was held from his father's home on Sunday afternoon, Rev. J. C. Collins, pastor of the M. E. church, conducting the religious services at the home and also at the grave. Interment of body was made in Oak Hill cemetery.

The work on the State Highway from the beginning of the "Narrows" and leading toward the connection on this side of the "Hogback" has been rushed along rapidly during the past two weeks, and it will be pleasing news for travelers to learn that the highway is completed something over 800 yards from this end of the "Narrows" and not far from the Bloom barn on the main highway and also a short distance from where the new "cut" is to be made. It is an established fact that the new highway cannot be completed this year, but the contractors expect to have enough of the job completed that by using the hill stretch of the old "Hogback" road, people will be allowed to use the new stretch, through the "Narrows" to Clearfield during the winter months and abandon the detour now used on the Porter side of the river.

Last Friday evening an anniversary celebration was held at the home of Mrs. Ida Grier on Filbert street. The event was in commemoration of the organization of the Kings Daughters in America, a live chapter of which is maintained in the Presbyterian church of this place. There was a good attendance and much interest was manifested at this gathering and plans were laid by which a great deal of charity work is to be done at home and abroad.

Rev. Mr. Dingman, pastor of the Lutheran church at New Millport, preached in Grace Lutheran church, this place on Sunday morning and evening. It is likely that this church long being without one since the demise of Rev. Hawkins.

The night turns have been suspended at the Crescent refractories brick plant meaning that 15,000 less brick will be moulded every twenty-

four hours. The Progress Man has been unable to learn the cause of this lay off, and it is to be hoped that suspension of this night force will not be for any length of time.

Curwensville's Progress representative was informed last evening that the brick plant at Lumber City, owned and operated by the Crescent Refractories company, has cut work down to four days per week and that the plant will be conducted under this system for several months to come, which will have a depressing effect on the general business in that up-river town.

Education.

Education is the leading of human souls to what is best and making what is best out of them, and these two objects are always attainable together, and by the same means. The training which makes men happiest in themselves also makes them most serviceable to others.—Muskin.

WOMEN WHO LOOK WORN AND ALL TIRED OUT HERE IS HELP FOR YOU

You act as though you are wondering how you are going to keep on and do your work, in fact you are all run down and have lost interest in life.

Why not at this time profit by Mrs. W. J. Nixon's experience?

She says: "For months I was weak, all run-down, had no appetite and could hardly keep about. After everything else had failed to help me I took Vinol. It gave me a good appetite and I gained rapidly in strength so it is now a pleasure to do my work which was once a burden."

There are hundreds of people in this vicinity who have had the same experience as Mrs. Nixon with Vinol, and it pay pay you to try it.

Your druggist sells it and will refund your money if it fails to benefit you.

FUNERAL OF INFANT CHILD
Mary Jane, daughter of Mr. and Mrs. E. K. Merrifield, passed away at the home of her parents at Punxsutawney on Sunday, November 14th, aged 1 month. The remains will be brought to Clearfield on the evening Pennsylvania train and taken to the home of R. P. Shomo on the West Side. Funeral services will be held from the Shomo residence tomorrow morning at 10 o'clock, in charge of Rev. E. C. Kover. Interment at Hillcrest.

CUT THIS OUT—IT IS WORTH MONEY

Cut out this slip, sending with it and mail it to Foley & Co. 322 West 4th Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Bladder Pills, a bottle of Foley's Kidney Pills, a bottle of Foley's Bladder Pills, a bottle of Foley's Cathartic Tablets, a bottle of Foley's Constipation, Biliousness, Headache and Stomach Pills.

PETE, HERE'S WORD FROM THE WOODS!

Certainly slipped on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that all the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon cussed in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1918. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the box out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handful of acs—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! We'll get game!

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!
Your old pal

Come in and see ours. Our low prices will persuade you to buy from us.

Our hardware is the best; it stands the test.

WILLIAM F. POWELL

RESPECTED CITIZEN PASSES AWAY

Ephraim Rowles, youngest son of Mr. and Mrs. Taylor W. Rowles, and a member of one of the largest and best known pioneer families of Clearfield county, died at the home of his sister, Mrs. Martha Gulich, in Lawrence township, on Sunday morning, November 14, 1920, at 5:30 o'clock, in the 64th year of his age.

The deceased had been in failing health for the past couple of years and death was due to paralysis.

"Eph" Rowles was a resident of this community for many years and enjoyed the respect and esteem of a wide circle of friends. He was an industrious, hardworking man and a good citizen in the fullest sense of the term. His health began to fail some two years ago and he suffered a paralytic stroke last year. He was making his home with his daughter, Mrs. Alma Sharpe, at Jamestown, N. Y., but several months ago expressed a desire to return to Clearfield and had since that time been living with his sister.

He was a member of Clearfield Council O. U. A. M. and always took an active interest in the work of the order. He was also a member of the Lutheran church.

He is survived by one son, Roy Rowles, Philipsburg, and one daughter, Mrs. Alma Sharpe, of Jamestown, N. Y.

He is also survived by one brother and one sister, viz: J. M. Rowles, of Clearfield, and Mrs. L. R. Gulich, of Lawrence township.

Funeral services will be held from the Gulich home Tuesday afternoon at 3 o'clock. Interment in Hillcrest cemetery.

RECRUITING PARTY ARRIVES IN OUR CITY

Recruiting party from Army Recruiting station, Scranton, Pa., arrived in this city yesterday. They leave for Punxsutawney Tuesday morning. A real attractive exhibit of captured war trophies is being displayed in show window of Lyle Shoe store.

The recruiting party is anxious to present to the young men the advantages offered by the Army Vocational and Educational schools. A soldier may take up educational work or any one of the 172 trades taught in vocational schools.

They are also boosting enlistments for the famous 2nd Division located in Texas.

Contractor Discusses is Wife's Troubles

Declares Her Recovery is One of the Most Wonderful things He Ever Saw and They Can't Say Enough for Tanlac.

"I can tell you in a few words what I think of Tanlac, but I could talk all day and then not fully express my gratitude for the way it has helped my wife," said Thomas N. Stophel, a well-known contractor and builder, residing at 211 Haynes street, Jamestown, Pa.

Mr. and Mrs. Stophel have lived at their present address for more than thirty years, and have a host of friends throughout the city. Mr. Stophel is ardent in his praise of Tanlac, and in speaking of his wife's remarkable restoration to health reports a gain of fifteen pounds in weight.

"About a year ago," he continued, "my wife's digestion got wrong all of a sudden and she went down in health rapidly. She had no appetite and actually seemed to dread for mealtime to come, on account of the misery she suffered after eating. She was subject to awful bilious attacks, and became so nauseated she couldn't retain a thing she had eaten, and it just looked like she could not like through what she suffered."

"Honestly, I could hardly have believed anyone could have gone down in health as much as she did in so short a time. She lost weight and strength rapidly, was just falling off to a shadow, and finally got so she couldn't do a thing, and, in fact, she suffered so life hardly seemed worth living. I became alarmed about her condition, for it seemed like she couldn't stand it much longer."

"But all that's past since she has taken Tanlac, for it has simply made a different person of her. Why, her digestion is as good now as it ever was in her life, she is eating heartily, has gained fifteen pounds in weight and speaks every day of how much better she feels. Her recovery is the most wonderful thing I have ever seen, and after what Tanlac has done for my wife I just can't say enough for it."

Tanlac is sold by all leading druggists everywhere.

Recruiting Party Arrives in Our City

Recruiting party from Army Recruiting station, Scranton, Pa., arrived in this city yesterday. They leave for Punxsutawney Tuesday morning. A real attractive exhibit of captured war trophies is being displayed in show window of Lyle Shoe store.

Little Three Year Old Girl Had Nervous And Dizzy Spells.

But Nerv-Worth Quickly Relieved Her. Her Grateful Mother Tells About It in Letter Below.

"My little three year old girl had been troubled with her stomach and she would also have feverish, dizzy spells, and would fall," said Mrs. Alta Earle, 11 Summit Street, Bluefield, W. Va. "She was also nervous and would often wake up along about 1:30, and then could not sleep any more that night on account of the twitching and jerking of her nerves. She often complained of her head hurting her, I saw Nerv-Worth, she has not had any of those

bad nervous spells, and sleeps good all night. I am very grateful for what Nerv-Worth has done for our baby." Every mother who has a child that is run down and nervous, or suffering from the many nervous ills to which children are subject, should follow the example of Mrs. Earle, and let Nerv-Worth tone up the baby. It's pleasant taste makes the children like it, and since it contains no harmful or habit forming drugs, it makes the ideal tonic for children. Nerv-Worth is sold by Stewart's Drug store and all leading druggists everywhere. Be sure to get the genuine in the round bottle, price \$1.25.

Dolling Him Up

(National Crops Improvement Service)

"I N THE old barter days, it used to be said that there was no poor whisky but that some whisky was better than others. Perhaps we had better say today that there are no poor automobiles but that some are better than others. The reasons why they are better cannot always be definitely expressed, but if a man likes one kind of car, you have great difficulty in convincing him that some other car is better," says Mr. E. C. Stone, secretary American Hampshire Swine Record association, Peoria, Ill.

"Now hogs are like automobiles. If a man likes one kind of hog, somehow or other he cannot get as enthusiastic over any other kind. I will admit that all hogs are good, but in my mind, Hampshire hogs are better than the others and that a great many breeders agree with me is shown by the way they have been dolling up their hogs for exhibition this fall and the way the public has been looking us up in our convictions that the Hampshire is the hog of hogs."

"The wonderful records that this breed has made during the past few years, is helping to establish their popularity and supremacy. The Hampshire family has enjoyed the greatest increase both in number of animals and in records of any breed of live stock in the entire length of time. We hold the world's championship and are pitted against the field in every show. We are getting ready for a grand slam at Chicago when we hope to eclipse our own record."

"BRIDE 13"

Will be shown Tuesday night as an added attraction.

Lost in the Wreck

(National Crop Improvement Service.)

YOU can buy a policy for your cattle, horses and hogs, insuring them against death from all causes and the procedure is very similar to the buying of a traveling accident policy for yourself.

The minimum railroad rate can be enjoyed by the shipper and the railroad held responsible for the ordinary value of the animals, but if you have a prize-winning bull or a thoroughbred stallion which is worth a lot of money, you can insure him for his full value and in case he is lost, the insurance company will pay your loss and take your claim against the railroad.

One of the most notable losses was of the bull "Idolmere," winner of the 1918 sweepstakes at the Chicago International. He was killed in a wreck and \$10,000 was paid the owner for his loss.

If you are shipping for slaughter, all you have to do is to pay \$1.00 to the local insurance man and

there is no further charge until the shipment is made. When application is received and approved by the local manager at destination, all shipments consigned by the assured to that market will be automatically insured when loaded and billed in accordance with the terms of the contract.

The method of collecting premiums is very simple. On arrival of the stock at destination, the commission firm deducts the premium from the proceeds of the sale the same as freight or any other charge.

Often times live stock is stolen or missing en route. The policy covers such loss except sheep. The arrival of dead animals is a daily event and is often the cause of dispute.

The organization of Farmers' Co-operative Live Stock Shipping associations, as well as community calf and pig clubs has brought this subject into prominence and they have learned that it does not pay to take chances.

Might Be Condemned

It's a lucky thing for some architects of their own fortunes that there were no building inspectors around while the job was being done.

Pathetic Appeal.

Mary's house had been struck by lightning and pretty badly damaged. The next evening when Mary was praying at mother's knee she asked a blessing on each member of the family and then added: "And, God, please don't be mad at us any more."—Exchange.

What Dreams Mean.

To dream you are connected with the mail service denotes great disappointment and sorrow. To receive a great quantity of mail signifies empty honor. To mail a letter foretells happiness of short duration.

FOURTEEN POUNDS OF BLOOD

Every Healthy Adult should have a definite quantity of rich, red blood coursing thru their veins

PEPTO-MANGAN MAKES RED BLOOD

A healthy full grown person has Builds up Men and Women who lack Energy

In the neighborhood of fourteen pounds of blood in his or her body. The weight of the blood varies with different people, but it should not vary with the individual.

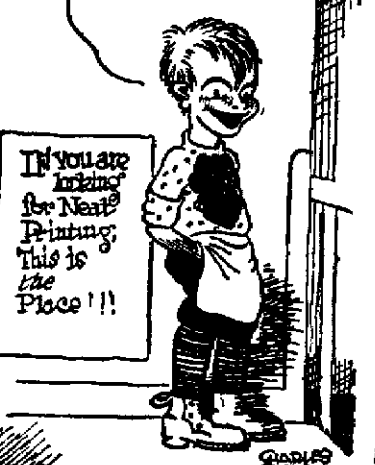

For instance, if the normal weight of your blood is twelve pounds, and it falls off a pound in weight it is one of the most precious pounds in the world and should be immediately regained.

To turn weak, watery blood into live, red, health-building blood, take Gude's Pepto-Mangan

Gude's Pepto-Mangan is an absolutely dependable red blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists. advt.

MICKIE SAYS

To Avoid Noise. If doors in swinging back strike the wall with a bang, the noise can be overcome by fastening a cork to the wall, where the door strikes. Use a small nail so as not to disfigure the wall.

Oyster Gatherers.

It takes 6,000 laborers to supply the American public with its customary first dinner course, says Luther C. Fry, writing in World's Work. This force includes entire families as well as single men. The father works on the boats which gather the oysters by dredging or tonging. His wife and children can and prepare them for market.

BETTER THAN CALOMEL

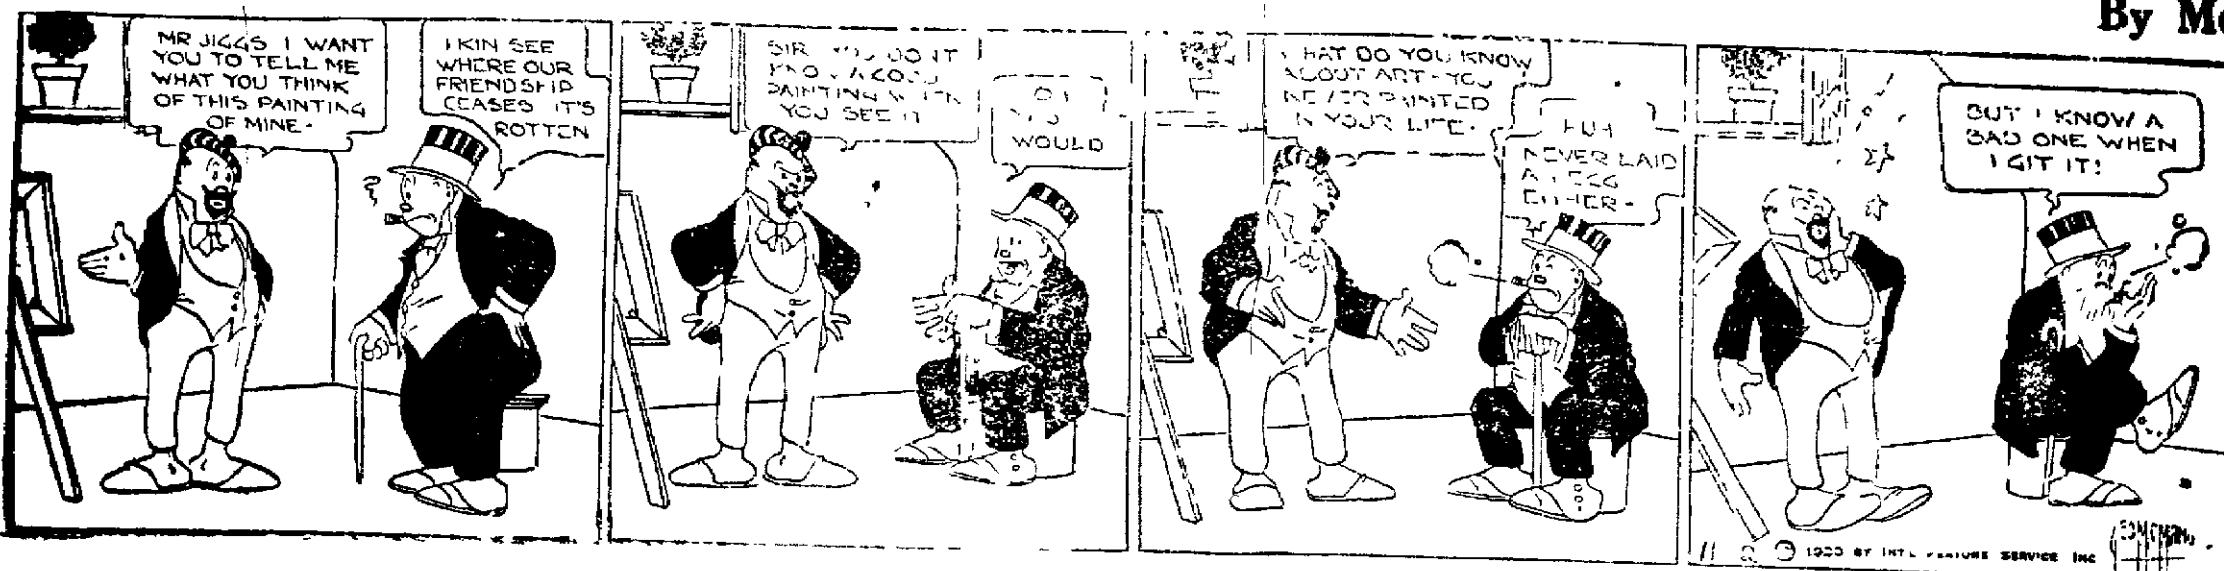

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "wake up" the soured

Cure Your Cold Quickly

We have the remedy that will do it. And do it without making you feel that the cure is worse than the disease.

There are some here that will work almost over night.

Aughenbaugh's

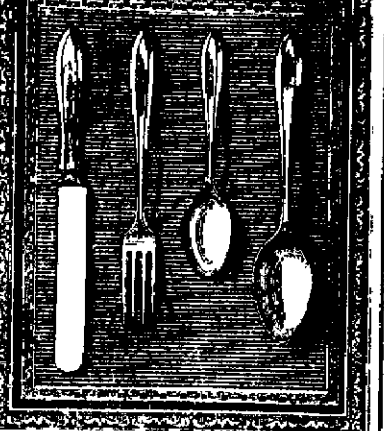

New Artificial Silk.
Animal muscular fiber is the peculiar material of an artificial silk. The cementing material is dissolved away, and the separated fiber is then straightened in a suitable liquid. Fibers several inches long are said to have been obtained. These are said to have been obtained. These are woven in the usual way, and, if desired, the fabric may be waterproofed by impregnation with rubber. Such silk is claimed to be not very expensive, and adapted for such purposes as insulation and balloon cloth.

BRONCHITIS

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives.
Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on!
Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

Proof of Good Sense.
"A man who has genuine horse sense," said Jud Tunkins, "never tries to show it off by trying to pick winners at the racetrack."

PARKER—GRAHAM

Bruce Parker and Elma Graham, two of Clearfield's popular young people were married at the bride's home on Fulton street, November 11 at 4 o'clock in the afternoon by the Rev. Snell of the First Baptist church. Only the immediate families and close friends of the couple were present. They were attended by Mr. and Mrs. H. D. Binard, sister of the bride.

The bride was becomingly attired in a blue satin dress and hat to match. They will reside in Clearfield where the groom is employed by the N. Y. C.

Mr. and Mrs. Harry Davis and Mr. and Mrs. Lee Wilson motored to Philadelphia on Sunday.
